

COPPER SPRAY

Copper spray

Description

Noise-absorbing, oxidation-stable special lubricant that can withstand high thermal stress and provides protection against corrosion. Extremely temperature-stable, very adhesive and resistant to salt water. Application range: -40°C to +1200°C.

Product features

- temperature-stable
- adhesive
- very good corrosion protection
- water-resistant

Notes

Shake the can well before use until the mixing ball is moving freely.

Field of application

MOTOREX COPPER SPRAY is perfect for preventing the fusing/sticking of parts subject to high thermal stress such as exhaust screws, ignition plugs, brake pads and heat exchangers.

Application

Clean parts in advance with MOTOREX POWER BRAKE CLEAN.
