RFN 'Warrior Youth SX-E2' 48V / 2.6Kw Off Road MX Electric Motorcycle

High Power 'Entry Level' Youth Electric Motorcycle

The Apollo production company was founded in 2003, focused on R&D, manufacturing, sales in the international off-road motorcycles and ATV trade. The company is in Zhejiang, China, employs over 400 employees, including almost 100 technicians, and the factories can supply over 1000 units per day. Distribution now spans the globe and is in 75 countries with over 1.5 million units in the market. Apollo already boast the number one spot for exports of off-road vehicles out of China.

The RFN **Warrior Youth SX-E2** is a premium high-powered 48V 2.6Kw peak power motorcycle at a competitive price. It utilises a 1Kw motor and 'Direct Drive' to deliver the 2.6Kw peak power. With 3 power modes the Warrior Youth SX-E2 is ideal for a beginner, then as they build riding skills and confidence, the power modes can be increased. With the benefit of an adjustable seat height and MX style suspension, the Warrior Youth SX-E2 can grow with the rider too. The lithium battery is interchangeable and affordable to allow for extended riding time. Most importantly, there is a safety lanyard with power cut off to ensure the rider is safe when away from the vehicle. *Note – The Warrior Youth SX-E2 has no APP control, which is an added benefit on the SX-E5 model.

RFN 'Warrior Youth SX-E2' 48V / 2.6Kw Off Road MX Electric Motorcycle
